If you have a high-risk medical condition, you're at increased risk for severe COVID-19 illness.

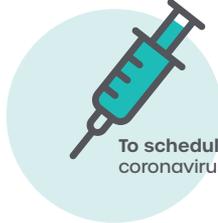

Make Your COVID-19 Vaccine appointment today!

Did You Know... persons aged 16 to 64 years with high-risk medical conditions are at increased risk for severe COVID-19 illness.

High-Risk Medical Conditions

The COVID-19 vaccine is being offered at no cost to all residents of Illinois. Residents 16 and older with one or more of the following disabilities or underlying medical conditions are at increased risk for severe illness and are encouraged to receive a COVID-19 vaccine.

- Cancer
- Chronic kidney disease
- Pulmonary diseases
- Diabetes
- Heart conditions
- Solid organ transplant
- Smoking
- Obesity
- Pregnancy
- Sickle cell disease
